

Description

STAINLESS STEEL STRIPPER

Acid pH formula to clean and maintain stainless steel. Removes oxidation, cleans and polishes simultaneously

Details

Product specifications

INFO

MULTI-PURPOSE

Strips – Cleans - Polishes

SAFE

Does not attack or stain

EFFECTIVE

Also against rust

Physical-Chemical Properties

Concentrated product

Colour and Appearance	Perfumed straw-yellow liquid
Specific weight	1.090 kg/l
pH (conc. at 3%)	2.0
Flash point	> 60°C

Evenly apply the neat product directly on the surface from bottom to top. It can also be used on a rag or sponge soaked in water. Leave to work and clean the surface. Subsequently, rinse with clean water from top to bottom. For regular cleaning, dilute 20% INOX in lukewarm water.

The shiny effect is heightened by drying the surface.

Recommendations

Use on dirty, marked, opaque and lime-scale marked stainless steel.

INOX NP is suitable for use in any industrial sector. However, it is greatly appreciated in the **food** sector to clean the surfaces of equipment and tools.

Packaging available

25l
