

**Description****STRONG DESCALER**

Buffered acid formula, particularly suitable for cleaning floors with large amount of cement, mortar, cracks or efflorescences. Follow the correct dilutions for safe use. Excellent dilution in water.

**Details****Product specifications****INFO**

SAFE

Mix of buffered acids

FAST

Descales very quickly

CONCENTRATED

Can be diluted up to 30 times in water

**Physical-Chemical Properties**

Colour and Appearance

**Concentrated product**

Clear red liquid

Specific weight

1.160 kg/l

Fragrance

Acrid

pH (3% conc.)

&lt;1

**Recommended use****Equipment to use**

Brush  
Brushing machine  
Low pressure pump  
Atomiser  
Paint Brush

**CLEANING PROCEDURES**

Protect everything which could be damaged by acid splashes. Use a brush to apply the solution and leave to work for a few minutes. Clean any remaining excess with a brushing machine, brush, average grain abrasive sponge. Use a sponge, rubber squeegee for windows or industrial liquid vacuum to collect the liquid from the floor and rinse thoroughly with clean water.

**General Warnings** - Do not use on marble, lime stone, their compounds or by-products; cement tiles or other surfaces coated with enamel that is not acid resistant (see Din standards).

**Directions for dilution**

Floors

10-30 parts water

Cement mixer

3-5 parts water

Equipment

5-10 parts water

**Packaging available**

1l – 5 kg
