Does not affect plastics, rubber, steel, iron, PVC, etc.

## Physical-Chemical Properties

Colour and Appearance

## Concentrated product

Clear colourless liquid

Specific weight

1.125 kg/l

Fragrance

characteristic

Recommended use  
KETTLES

Fill the kettle half way with water and bring to the boil. Remove the plug and add 100ml of product. Leave to work for 10 minutes. Remove the solution and repeat the operation with just clean water. Then rinse.

## SHOWERHEADS

Immerse the showerhead in a container with a solution of 1 part Descaler to 5-6 parts water. Wait until the showerhead is completely clean (a few minutes) and rinse. You can also use a small atomiser with the same water-product solution.

COFFEE  
MACHINES-  
IRONS

Treat inside with 1 part product and 5-6 parts water. When you have finished, drain the solution and repeat the operation with just clean water.

## Packag available

500ml
