Details

Product specifications

INFO

SAFE

Cleaning & Hygiene against bacteria

PRACTICAL

Does not foam and enables the system to be switched on immediately.

ECONOMIC

Does not require the intervention of specialist operators

Physical-Chemical Properties

Colour and Appearance

Product in its liquid state

Colourless liquid

Specific weight

0.60 kg/l

Fragrance

Characteristic

Recommended use

Contains active sanitisation ingredients in a solution of alcohol and balsamic compounds that comply with the legislation in force. Guarantees perfect sanitisation against the main bacteria in rooms with air conditioning. It also acts as an air deodorant and refresher.

HOW TO USE

Completely insert the nozzle into every ventilation outlet with the system switched off. Spray the product as you slowly extract the nozzle, so the entire duct is treated. The special nozzle dispenses the product on all sides simultaneously. You can switch on the air conditioning after 5 minutes. Ventilate the room for a few minutes.

Packaging available

250ml Spray
